Ill.mo Sig.re

COmparendo nel Teatro del Mondo la terza volta in Scena i parti Musicali del fecond'ingegno del M.R. Sig. Gio. Battista Beria mio Maestro, hò prudentemente stimato si ricouerassero sotto l'ali, ombra, e protettione di V. S. Ill.ma in cui spicca l'Armonia delle virtù. Ne, mentre questi dedico à V.S Ill.ma, qual felicemente domina Giasone, & il Caduceo, paueuto d'incontrare la censura fatta da Alcibiade à Tebani, altrimente confessarei hauer errato la dotta, & saggia Antichità, qualhora à piedi del Simolacro d'Apollo collocò la Cetra. Questa non è Musica, quale già piaceua alle Città dell'antica Grecia, che allettando effeminaua gl'animi, mà quale voleuano i Lacedemoni, che con diuin'ardore infiammato haueste gl'animi, ed'inuigorito li spiriti, & che commoda, & aggiustata fosse per ben gouernare Republiche. Questa Musicale Armonia risuonante le lodi de celesti Heroi, è Lira d'Achille, non di Paride; meritamente perciò ad vn Achille douuta. Scruitanno queste note à V. S. Ill.me (imprimẽdo la forza della Musica, giusta l'opinione di Natale, vn non sò che di celeste nell'animo) dopò la vasta mole di tant'impieghi, & affari, ch'ella come Atlante in questo nostro Cielo sostiene, di diuertire l'animo da queste cure, & transferirlo à contemplare quei Chori Angelici ch'al Sourano Nume facendo corona continouamente cantano. Et finalmente alcune fiate vdendole, conseguirà ciò, che cõ penna d'oro descrisse Grisostomo, di Dauide la Cetra lodando. Che l'anima di V.S. Ill.ma presa, & fatta captiua dall'amore della Sapienza, & da questa sollenata, metterà l'ali, colle quali, queste frali, & caduche posteriorgando, spiegarà i vanni verso le sfere immortali. Aggradisca V.S. Ill.ma questo tributo, dalla mia osseruanza, in riguardo anche della seruitù di mio Padre, qual sotto l'ali della protettione di V. Ill.ma viue. Ed'io, senza più, à piedi humilmente di V.S. Ill.ma cadendo, la riuerisco.

Da Milano il 14. Decembre 1650.

Humiliss. seruitore.
Carlo Federico Rolandi.
